

# ELECTRICITY REBATE FOR NON-LICENSED SPORTING AND COMMUNITY CLUBS

The ACT Government has extended the small business rebate of \$750 on electricity accounts to non-licensed sporting and community clubs in the ACT.

This is a **one-off electricity rebate of \$750** that will be applied as a credit to electricity accounts relating to the first half of the 2020-21 financial year.

## Eligibility

The rebate applies to small electricity customers (ie with less than 100 megawatt hours per annum) operating on a business tariff with an eligible retailer.

To be eligible for the rebate:

- › The applicant must be an active sporting or community-based club that does not hold a liquor licence.
- › The applicant must have an electricity account in their name.

- › The rebate will be applied per entity (and not per account or site where multiple sites are involved). The aim is to provide one rebate to each eligible small electricity customer.
- › The entity must have been a customer with the electricity supplier from early April 2020, when the small business rebate was originally implemented.

## How to apply for the rebate

Complete a short [application form](#).

Applications must be submitted by **31 December 2020**.

The below information is required.

Type of information	Detail
<b>Entity</b>	<ul style="list-style-type: none"><li>› Entity name</li><li>› Entity address, phone number, email address</li><li>› ABN/ACN</li><li>› Description of entity and service it provides</li><li>› Entity Registration Number</li></ul>
<b>Contact</b>	<ul style="list-style-type: none"><li>› Contact Person Name</li><li>› Phone Number, Email Address</li></ul>
<b>Electricity account</b>	<ul style="list-style-type: none"><li>› Name of Electricity Retailer</li><li>› Electricity Account Number</li><li>› Electricity Account Name</li><li>› Copy of the electricity bill including April 2020 or a recent electricity bill.</li></ul>

The application will be assessed for eligibility within five business days. Once an eligible application is approved, information will be provided to the relevant electricity retailer to apply the rebate to the electricity account for the first half of the 2020-21 financial year.

ACT Treasury will notify unsuccessful applicants, provide feedback and request additional information if required.
