SCHEDULE 1

COVID-19 Affected Areas

Note:

Affected persons who are ACT residents must comply with Part 2 of the Direction.

Affected persons who are not ACT residents but who are already within the ACT prior to commencement of this Notice must comply with Part 4 of the Direction. All other non-ACT residents who are affected persons must comply with Part 3 of the Direction.

Quarantine – New South Wales

The following conditions apply to the State of New South Wales

For all travellers who have spent any time in the previous 14 days in New South Wales:

1. Individuals are required to *quarantine* in accordance with the **Public Health (COVID-19 Affected Areas) Emergency Direction 2021** for a period of 14 days after leaving the State of New South Wales or until advised by an **authorised person** within ACT Health.
2. Individuals are NOT permitted to leave their premises other than in an emergency.
3. Individuals are NOT permitted to allow any other person that does not reside at their designated premises to enter the premises, unless for medical, law enforcement or emergency purposes.

In addition, the following conditions outlined in the *Public Health (COVID-19 Affected Areas) Emergency Direction 2021*, must be complied with:

Residents of the ACT must:

1. Complete an exemption form within 72 hours of their intended arrival into the ACT.
2. An exemption confirming the ACT resident's ability to enter the ACT will be issued following verification of identity, residency, suitability of place of residence for quarantine, and – where required – confirmation of authority to leave the jurisdiction in which the person is currently located.

Non-Residents of the ACT must:

1. Not enter the ACT unless they obtain an exemption before arriving.
2. Where an exemption has been granted, comply with all requirements and/or conditions outlined in the exemption documentation.

The person must undergo a second test on day 5 after the person was at the casual contact location. The person must remain in quarantine for the whole time, which only concludes once the person receives a negative test result from the **second test**.
 - b. Persons who were at a casual contact location 4 or more days ago will only need to undergo one test, to be conducted as soon as possible upon learning that they are a casual contact. The person must remain in quarantine until the person receives a negative test result.
3. Quarantine at your place of residence or other suitable accommodation until informed of a negative test result.

Continue to monitor for symptoms for 14 days from the date last in a listed exposure location, and if you experience any symptoms of COVID-19 go to a COVID clinic to be retested.

Note: Points 2 and 3 continue to apply regardless of whether a negative test result was obtained in another jurisdiction.

Irrespective of tests conducted under Point 2, persons who are Casual Contacts should get tested again for COVID-19 if the person experiences any symptoms of COVID-19, no matter how mild.

**Casual Contact Exposure Locations – New South Wales****The following conditions apply to all Places outlined in the table below.****For all travellers:**

1. Complete a self-declaration form within 24 hours prior to arriving in the ACT, or within 24 hours from the commencement of a COVID-19 area of concern notice.
2. Undergo appropriate testing for COVID-19, regardless of whether symptoms are present, as advised by an **authorised person** within ACT Health.
 - a. Persons who were at a casual contact location less than 4 days ago will need to undergo two tests. The person is to undergo the first test upon learning that they are a casual contact. The person must undergo a second test on day 5 after the person was at the casual contact location. The person must remain in quarantine for the whole time, which only concludes once the person receives a negative test result from the **second test**.
 - b. Persons who were at a casual contact location 4 or more days ago will only need to undergo one test, to be conducted as soon as possible upon learning that they are a casual contact. The person must remain in quarantine until the person receives a negative test result.
3. Quarantine at your place of residence or other suitable accommodation until informed of a negative test result.

Continue to monitor for symptoms for 14 days from the date last in a listed exposure location, and if you experience any symptoms of COVID-19 go to a COVID clinic to be retested.

Note: Points 2 and 3 continue to apply regardless of whether a negative test result was obtained in another jurisdiction.

Irrespective of tests conducted under Point 2, persons who are Casual Contacts should get tested again for COVID-19 if the person experiences any symptoms of COVID-19, no matter how mild.

**Casual Contact Exposure Locations – South Australia****The following conditions apply to all Places outlined in the table below.****For all travellers:**

5. Complete a self-declaration form within 24 hours prior to arriving in the ACT, or within 24 hours from the commencement of a COVID-19 area of concern notice.
6. Undergo appropriate testing for COVID-19, regardless of whether symptoms are present, as advised by an **authorised person** within ACT Health.
 - c. Persons who were at a casual contact location less than 4 days ago will need to undergo two tests. The person is to undergo the first test upon learning that they are a casual contact. The person must undergo a second test on day 5 after the person was at the casual contact location. The person must remain in quarantine for the whole time, which only concludes once the person receives a negative test result from the **second test**.
 - d. Persons who were at a casual contact location 4 or more days ago will only need to undergo one test, to be conducted as soon as possible upon learning that they are a casual contact. The person must remain in quarantine until the person receives a negative test result.
7. Quarantine at your place of residence or other suitable accommodation until informed of a negative test result.
8. Continue to monitor for symptoms for 14 days from the date last in a listed exposure location, and if you experience any symptoms of COVID-19 go to a COVID clinic to be retested.

Note: Points 2 and 3 continue to apply regardless of whether a negative test result was obtained in another jurisdiction.

Irrespective of tests conducted under Point 2, persons who are Casual Contacts should get tested again for COVID-19 if the person experiences any symptoms of COVID-19, no matter how mild.
