

# Tested positive to **COVID-19?**

Some of our mob may have a higher risk of serious illness from COVID-19. If you are in one of the groups on the back of this card and **you test positive to COVID-19**, have a yarn with your GP, a GP from Winnunga Nimmityjah (call **02 6284 6222**) or another medical specialist as soon as possible.

Talk to them about:

- » COVID-19 medications that might help you. These medications need to be started as soon as possible for the best results.
- » how to access other medical care while you have COVID-19.
- » Home monitoring to see if you need extra care and support.

If you can't speak to a GP, call the **ACT COVID-19 Care@Home** on **02 5124 3085**.
