# Public Health Emergency Direction

## *Public Health Act 1997*

*Made under the Public Health Act 1997,  
section 120 (Emergency actions and directions)*

I, Dr Kerryn Coleman, Chief Health Officer, consider it necessary or desirable to alleviate the emergency declared under the *Public Health (Emergency) Declaration 2020 (No 1)* [NI2020-153] (the **declared emergency**) on 16 March 2020, to give the directions as set out below. The purpose of these directions is to restrict non-essential gatherings and the operation of non-essential businesses and undertakings in order to limit the spread of coronavirus disease 2019 (**COVID-19**), caused by the novel coronavirus SARS-CoV-2.

In making these directions I have had regard to relevant human rights and I am satisfied that the limitations imposed as a result of these Directions are both demonstrably justifiable in a free and democratic society and necessary to protect the ACT community from the serious public health risk posed by COVID-19.

## ATTACHMENT A - Risk Mitigation Guidance

This Direction should be read in conjunction with the guidance material prepared by the Chief Health Officer, including guidance material about how to prepare a **COVID-19 Safety Plan**, which is available at [www.covid19.act.gov.au](http://www.covid19.act.gov.au).

It is suggested that, as far as reasonably practicable, the following risk mitigation measures be applied to gatherings of 2 people or more:

- In a given occupied space, there be a density of no more than 25 people or one person per 4 square metres of **usable** space (whichever is greater), and this should take into account objects and items that may impact the total free space;
- Hand hygiene products and suitable waste receptacles should be available, to allow for frequent cleaning and waste disposal;
- Promote physical distancing of at least 1.5 metres between people, and physical contact should be avoided wherever possible;
- The occupancy allowance should be displayed at the entrance of each venue or space;
- The recommendations for unwell individuals to isolate at home and not attend published by the Commonwealth Department of Health should be promoted and displayed prominently so that they can be seen and read easily by a person at or near an entrance to the **indoor space**;
- For settings where there is ongoing movement and an increased number of interactions between people (for example food markets) and an individual's attendance is not in the course of their employment at the place, an individual's attendance should be less than 2 hours duration; and
- Where activities involve the use of equipment, that equipment should be regularly cleaned and, where practicable, not be shared by people other than members of the same household.
